Counter Current Jet

Perfect for smaller pools where space is limited, a counter current jet system can ensure a decent swim for swimmers of all levels.

Applications

For fitness training, underwater massage and endless no-lap swimming and unnecessary tumble turns.

Features

- Powerful counter current.
- Product can be used as a single or double jet system with one or two pumps.
- Counter current face plate with LED Light.
- On/Off light switch mounted on the jet face plate, easy access when you're in the water.
- Adjust the valve to control the bubble effect.
- Water flow can be changed through the rotating jet.
